To whomsoever it may concern

We have total 70 trailers for container movement. After using York axles in our DLT and Tranztar trailers we found York performance is best in competition available in India for under chassis parts.

We are satisfied with the after sales and service support extended by York team and Deccan Vehicles who is dealer for York in Gujarat region ,hence decided to replace local fabricated trailer axles and suspensions with York axles and York Fabricated suspensions.

York axles are giving us better tyre life, reduced vehicle down time and low maintenance cost compare to local axles fitted in our old fleet.
