

Delhi Baroda Road Carrier (P) Ltd.  
(IBA APPROVED)

Date :- 19<sup>th</sup> March 2014

York axles are fitted in our 109 Trailers. We are using it since last 2 years. Our Trailers are Refrigerated container trailers, truck chassis carrier, car carrier. We are loading cars, frozen items, trucks and trailers are running on highway. York axles are superb. They are giving us 30% better tyre life compare to local axles fitted in our old fleet. Their after sales service support is superb. Almost no maintenance till 1 lac kms. Excellent features like Hub grease interval at 1 lac kms, good brake efficiency, heavier axle beam with solid spindle are just making these axles most reliable in India. Excellent after sales service support
