SONU ENGINEERING WORKS

Specialist of : New Trailors, High,Semi,Low Bed, Crane
Tanker ,& All Type of Repairing Works

Plot No.7, Sector-11, GIDC, Gandhidham (Kutch) 370 201

To,

York Transport Equipment (I) PVT Ltd

Pune, India.

We are the tanker trailer fabricator. We generally use York as well the competitor products but gradually most of the customers are shifting to York due to its good support in sales & service and good performance.

We have started using York axles and suspension since last three years. Customers are liking our Tanker Trailers since York components are providing reliable performance and better tyre mileage. Customers are directly getting after sales service from York and making us hassle free form maintenance activities.

We are extremely satisfied with the service support of York.
